Information on the use of the purchased product key:

The product key can be used immediately as soon as you receive your order confirmation. Please note that in order to use the product key, registration with the respective rights holder is neither technically required nor owed.

We recommend that you use the product key within three (3) months of the purchase date, as the product keys may expire if not activated.

For more information about the Product Keys we purchase, please refer to the FAQs available on our website ([in the Legal Information](#)).

The scope of the acquired rights is based on the respective applicable license terms of the rights holder, provided that they do not contradict statutory provisions. The license conditions include in particular the "End User License Agreements (EULA)" - they are called up when installing the software - and the "Product Use Rights (PUR)" - they are available on the rights holder homepage.

Use for Microsoft Lifetime product keys unbound: The product key is intended for one-time activation on one computer. The period of use is unlimited as long as the product is used on the same device. If the computer is reformatted, reinstalled or if changes are made to the hardware, there is no guarantee that the product key will continue to work on the computer
